TerraCrux Newsletter: Volume 1 Issue 5

Hello TerraGamers!

The nights are getting longer and the spooks and ghouls are running amok. Must be time for the scariest night of the year. What better way to be safe and sound than staying indoors, huddling around the game table with friends and family, and playing some spook-tacular games.

This is why on Halloween we will be offering a 10% sale on all "spooky games" at the register. Examples include but are not limited to; Betrayal at House on Haunted Hill, Arkham Horror, Zombie Dice, Werewolf, and so on.

Further, the night of Halloween, we will be having a little get together, come in costume or simply as you are. Either way, we will be demoing our staffs favorite Halloween and party games.

Keep on gaming,
Terracrux Games
